

The Scientific Committee on Oceanic Research (SCOR) has approved up to 3 bursaries for participation of individuals from developing countries and countries with economies in transition (http://www.scor-int.org/Eligible_Countries.pdf) in the 2012 Challenger Conference for Marine Science www.challenger2012.org.uk. This travel support is possible through a grant from the U.S. National Science Foundation to SCOR.

Applications should include a letter detailing why participation is particularly relevant, a 2 page curriculum vitae, and a 250 word abstract (see instructions and session themes here <https://ired.uea.ac.uk/web/challenger-2012/registration-and-abstract-submission>).

Applications should be sent to Dr Carol Robinson at challenger2012@uea.ac.uk by the closing date of **26 March 2012**.
